The international postal box service is about the allocation of an account number which entitles the subscriber to receive goods of any kind within the legal framework. Make the process of classification, inspection, documentation generation, transport, customs clearance and delivery.

Once the service subscription is done will be assigned an account number with which you'll be able to track your shipments online.

Our company is committed to carry out customs formalities for goods and urgent shipping which include clearance, survey, release and delivery.

If **SUBSCRIBER** supplies erroneous information about address or other items necessary for the proper and timely delivery, our company will not be responsible for this shipment and the **SUBSCRIBER** will assume the extra expenses incurred for this error.

Freight rates may be changed without notice to adapt them to increases in cost of airline and / or any other commercial factor related with the service. The goods shall be **SECURED** to guarantee tranquility to the subscriber, the secure does not operate for damage or partial loss of merchandise, everything works if the package does not reach your destination.

The goods must be received packaged for its shipment according to their characteristics, in order to preserve it, because the secure does not cover damage by improper packing. Subscriber after receiving the goods and sign in accordance loses the right to complain. We recommend opening the Merchandise and checking on presence of the Company personal. If the goods require special packaging is important to notify the Company for processing.

Subscriber is granted 03 days to remove the goods from the time of notification; otherwise the Company will charge the Storage and won't be responsible for it.

When making purchases is necessary that the subscriber place his own name and address of Zai Cargo, with the aim that the order arrives at the office is added to the **WEB** site. The page where you can track your purchases is www.zaicargo.com

Our company is not responsible for the bad routing of the goods to our offices; Subscriber understands that the goods must reach our offices by domestic companies.

The addresses of receipt of the goods can be modified at any time alerting subscribers for necessary corrections, well in advance.

Subscriber acknowledges the administrative and legal restrictions may be subject to their shipments and will be responsible for everything that comes to his postal box. Our company will not be responsible for losses resulting from customs seizure, or delays caused by the lack of documentation or information required for the office or for processing customs.

It is forbidden to transport: weapons, chemical precursors, jewelry, cash, pornography, war toys, lottery tickets and all those that prohibit the relevant authorities and treated as prohibited by the Universal Postal Union.

Our company reserves the right to refuse or to withhold shipments to a subscriber whose account is in arrears.

We reserve the right of admission and the Company has the autonomy to cancel accounts abandoned, inactive or having a history of fraud, misuse or abnormal use of it.
